

6" & 8" TROLLEY

8" Trolley

6" Trolley

WeldRo trolleys are popular in most working environments with good floor clearance and maximum maneuverability where safe handling and working environment are top priority. WeldRo trolleys is the excellent choice.

WeldRo continuous handle trolleys are strong and compact in design have excellent balance and rollability. It is safer with no sharp projections and more rigid.

WeldRo Portable trolleys are fitted with 6" solid rubber wheels to accommodate a 1.4M3 Oxygen cylinder and a 1.5M3 Acetylene cylinder and is portable yet stable.

WeldRo Industrial trolleys are fitted with 8" solid rubber wheels to accommodate a 10.7M3 Oxygen cylinder and a 6.3M3 Acetylene cylinder. Strongly welded and highly recommended for rough floors, medium and large shops garages.

Both WeldRo trolleys are fitted with cylinder holding chain as added security and safety.
